

Information letter to residents of As Oy Tornikontu concerning the new sauna and lounge

The sauna and lounge area on the 9th floor is completed. Thank you all for your patience during the renovation work!

In order to get the booking system to work, we need the information on residents who wish to make reservations to sauna and/or lounge. The poll organized in the summer indicated that there are many people interested in booking the slots.

Information needed for the reservation system (One4All PNT[®]mobile):

- first and last name
- email address
- number of the apartment

Send these details to Riitta Uunila in Tapiolan Lämpö by email riitta.uunila@tl-konserni.fi. If sent **latest on 13th of September**, they will be ready on time once the **booking is opened on 18th of September at 11am**. You will receive information how to log in to the system by email. Also, details sent later will be added and the possibility to book slots opens then.

You can log in to the booking system by installing the app **PNT[®]mobile 2 for Android** or **iOS**. You can also log in by using an **internet browser** with <https://mobile.pnt.fi/>. Payments are done using the booking system. PNT[®]mobile connects to Checkout Finland Oy for the payment transactions.

Prices of the bookings (valid until further notice): fixed fee slots 30€/month (debited 7,5€/week), one-off slots 10/15€ depending on the time.

Fixed reservations can be done for Wednesday, Thursday and Sunday evenings between 5 to 10pm. One apartment can book one fixed slot a week.

One-off slots are available on Friday and Saturday evenings between 5pm to 10pm. Maximum 3 slots (one hour per slot) can be booked a day by one person.

Lounge can be booked without charge on Mondays, Tuesdays and other days before the start of the sauna slots. Common slots are not organized now.

The rules for the sauna can be found attached to the sauna door and in the PNT[®]mobile app.
